

## MyChart COVID-19 MyChart Status Page

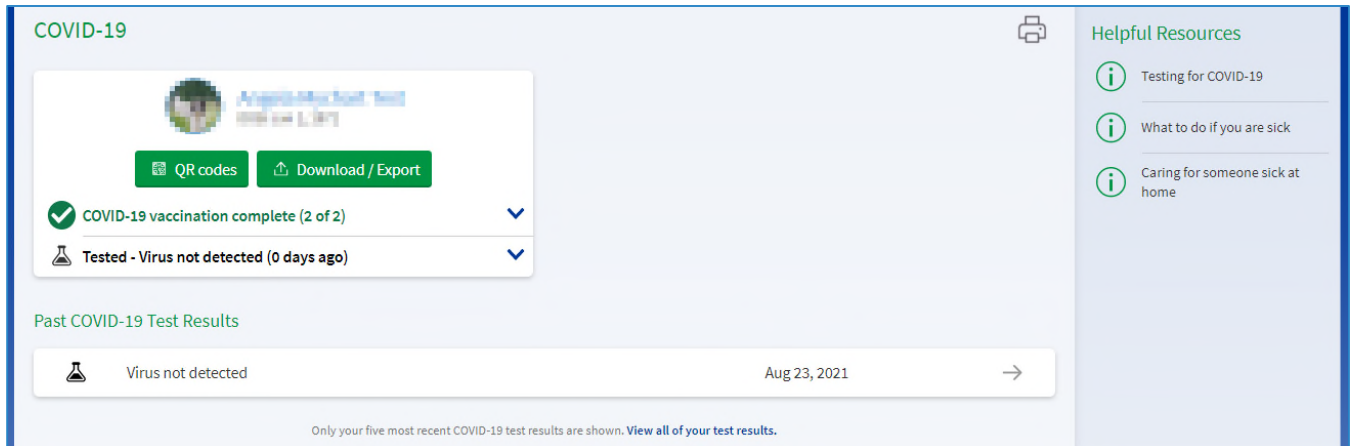

**Description:** You can now view your vaccine status, testing results and information regarding COVID-19 in MyChart. You can also download records of your vaccine status, which contains a QR code that can be scanned at sporting events, concerts, and venues, or wherever it is needed.

### Content/Steps:

1. The Covid-19 page can be found in the main menu, under the **My Record** section

2. In the Covid-19 page, you can view your 5 most recent COVID-19 test results, your vaccination status and helpful resources from the CDC.

3. You can also expand the sections on your vaccine status and testing status and view more details

**QR Code Verification**

Scan this QR code at participating locations to share your COVID-19 vaccination information.

7. You can also export your vaccine and test result information to other Health Wallet apps. You will need to be sure that you have a Health Wallet app installed on your device, in order to export your records successfully. These Health Wallet apps will allow you to present your COVID-19 information, in the event you are offline.

### Export to Health Wallet

Export vaccine and test result information to other Health Wallet apps.

Select what information you would like to export:
